

# LINGONBERRY

**A true Swedish classic – tart, bright and full of character!**

We believe that a lingonberry soda should capture the feeling of the forest it comes from – crisp air, pine trees, and the pure flavour of wild berries growing under the midnight sun.

Our LINGONBERRY is made exclusively from handpicked Nordic lingonberries, gathered from pristine forests where they grow naturally without the need for pesticides or fertilizers. The berries are pressed to extract their vivid red colour and uniquely refreshing tang. Balanced with organic cane sugar and a hint of lemon, the result is a drink that is lively, elegant and unmistakably nordic
